

PLEASE READ INSTRUCTION CAREFULLY BEFORE USE

SETUP - INFLATION

Recommended procedure below. For safety reasons it is recommended that 2 persons set up any marquee. Ensure area is free from any sharp objects & overhead objects.

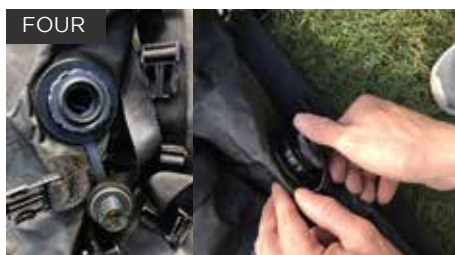

ONE
Unpack the marquee.

TWO
Roll out the marquee.

THREE
Lay the Inflatable Marquee out flat.

FOUR
Each leg on the marquee has a valve. Select valve to attach pump, screw inflation valve closed and leave cap off. On all other valves screw tight and fix cap.

FIVE
Connect the pump to selected Inflation Valve and begin inflation.

SIX
During the inflation process raise legs into the center until all legs are upright.

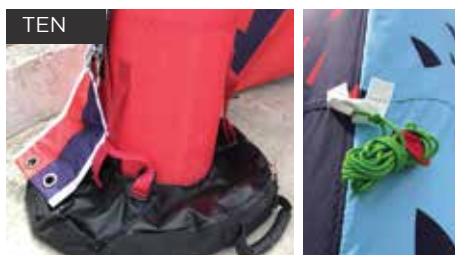

SEVEN
Ensure all legs are lined up and roof is centered. Check frame is firm.

EIGHT
Marquee Attachment*
Attach your Walls and Awnings using zips.

NINE
Ensure all walls are lined up and firm.

TEN
Fix Steel Pins and Guy Ropes or attach Sandbags provided.

IMPORTANT NOTES:

Check the wind and weather conditions before commencing construction.

Ensure you have the correct ground fixings for your application.

When the marquee is in use, do not leave your marquee unattended.

Over pressure relief valve system,
DO NOT TOUCH.

TEAR DOWN - DEFLATION

Recommended procedure below. For safety reasons it is recommended that 2 persons set up any marquee.
Ensure area is free from any sharp objects & overhead objects.

Remove Steel Pins and Guide Ropes or detach Sandbags.

Ensure area is clear of persons.
Ensure area is dry and clean.
Unscrew all valves to deflate Marquee.

Remove all air from the tubes.

Fold Marquee up neatly laying the Roof and Legs on top of each other.
Roll Marquee up.

Pack the dry and clean Inflatable Marquee into Protective Cover.

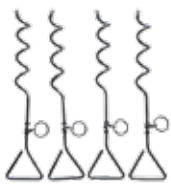

IMPORTANT NOTES:

Ensure Roof and Walls Fabrics are completely dry before packing down and fitting the Protective Covers.

During transport do not put heavy items on top of the Marquee.
